September at Wesleyan

Fall came to welcome the new academic year. With the fall of '81 came a new Tri-K class, spirited and ready for anything. As tradition holds, Fall Convocation ushered in the official opening of school. Dr. Lois Taylor Ellison was the guest speaker. September marked the beginning of two new programmes. Margaret Anne Barnes was the first speaker in the Georgia Writers' Series. A presentation from the Museum of Arts and Sciences planetarium was the first of the required school wide assemblies that were started to promote better communication between organizations and the students. The Fine Arts Department presented a play for children, "The Prince and the Ogre," the first in its '81-'82 season.

After the year was officially started, the GK sophomores, as tradition demanded, welcomed the Tri-K freshmen to the Wesleyan community. After Rat, everyone settled in and got down to their classes.

1. Tami Callier, Donna Ham, and Becky Nelson portray the first day of classes. 2. Judy Ross, Edelmá Galardo, Kim Miller, Judith Lane, and Linda Johnson show the hazards of family-style dinner. 3. Sally Sanders gave a short lesson in letter writing. By the end of the evening every part of living on campus had been lampooned. Several old Tri-K's were on hand to welcome the freshmen and teach them the class songs.

"Well . . . This was a chance for the Tri-K's to see they had to get into school and study and all, but, also, that they would not be alone. We would be there to help them when they needed us." — Judith Lane

Wesleyan opened its theatre season with the world premier of the children's play "The Prince and the Ogre." The children of the Macon community were the special guests of Wesleyan. The ogre, played by Mike McKinney, delighted and frightened the younger people, while older members of the audience found Barbara Stout's portrayal of the gloomy king very entertaining. A drafty castle designed by George McKinney set the stage for the action.

GK's Welcome Tri-K's . . .

1

Having been newcomers last year, the Sophomores put forth an extra effort for the Freshmen during orientation. The Green Knights spent a great deal of time preparing their special orientation activities for the week that would initiate the new Tri-K's into the sisterhood of Wesleyan.

The activities began with the GK's giving a lesson on how pep rallies should not be done. The next day the GK's dedicated lunch to the freshmen and toasted to their health. That night the Tri-K's were given a lesson on how a pep rally should be done. Thursday, the GK's demonstrated the error in judging their classmates. On Friday the Tri-K's seemed to have learned their lessons well. However, the GK's didn't think so and gave them a refresher cram course all day Saturday. This time, the class caught on better and passed — all with A's.

1. Becky Nelson leads the GK's to the Blood Feast. 2. Carswell Hannon discusses the hazards of being "a little bit different." 3. Dene Shepherd laughs through Rat . . . in her own special way. 4. October at **Wesleyan**

October brought much cooler weather and Soccer to Wesleyan. Soccer practice every afternoon introduced new students to Wesleyan's intramural sports programme.

Wesleyan campus was given over to Wesleyannes and fathers on Father/Daughter Weekend. The CSA sponsored event gave the fathers a chance to be a part of their daughters' college year. Activities from dances to softball games were highlighted.

CJA sponsored Honor Week to raise the student awareness of the Honor Code and what role it plays in college life at Wesleyan. The week was closed with the signing of the Honor Code pledge book.

In October '81 the Wesleyan volleyball team was in its prime. The team had one of its best seasons under the guidance of Ms. Jill Myers. Halloween ended October with the traditional celebrations. The witches rose and visited the dorms, distributing candy to good little girls. Being one of the only two intercollegiate teams that Wesleyan had, the volleyball team had to work hard to make the name known. This year in volleyball the name Wesleyan was something to be proud of. The team started the season off with a string of wins. Spirit on the campus ran high as students followed the team to Athens and Atlanta for important games. Many of the players attributed the winning year to the new coach, former Wesleyanne, Jill Myers.

"As a freshman, I was a little apprehensive of participating in such a competitive sport. However, after only the first few practices, the spirit of the team members showed me that I had nothing to fear." — Lisa Ahl

36 November

November at *Wesleyan*

The first week in November was filled with talk of Soccer and Homecoming. As the soccer season progressed, the freshmen Tri-K's proved to be hardy competition for the other classes. The season ended with the PK's retaining their Soccer Cup.

The traditions of Homecoming were revived as the classes planned to welcome back the Tri-K's of '81. The festivities started Wednesday night with the singing of songs on the loggia and a pep rally. Friday afternoon, the classes dashed to the soccer field to show their colors. When it was all over, the Tri-K's had won Color Rush '81. Saturday was the climax of Homecoming Week with the soccer championship, court presentation, and Homecoming Dance.

The Theatre Department presented the play "And Miss Reardon Drinks A Little" as their annual arena style theatre production. The play dealt with the relationship of three sisters since the death of their mother. The play coincided with the Admissions Office's Fall Prospective Student Weekend. The prospective students were shown a wide variety of Wesleyan activities.

As November came to a close and Thanksgiving holidays neared, the Wesleyan students came together and worked for Wesleyan. The Alumnae Association held its Alumnae Phonathon to raise money for the Loyalty Fund.

1. Connie Evans spreads her green for the GK's. 2. The audience awaits the announcement of the Homecoming Queen. 3. Dene Shepherd and Drake Bivins at the homecoming dance. 4. Soccer season started in October with practice and most of the games, but November was the real month for Soccer at Wesleyan. When it was time for the Championship Game, the Golden Hearts met the undefeated Purple Knights. The game ended scoreless, but the Championship was awarded to the PK's because of their season record. The '81 Championship was the PK's third, and as tradition holds their name was inscribed on the Soccer Cup.

"I was a little sad because it was my last year to play. The PK's had always played well together and this year was no exception. we all had fun and winning was secondary to that. The sportsmanship was much better for everyone this year than in the past. It still needs to improve a great deal, but SRC is working on that." — Susan Holloway

Theatre Dept. Presents "Miss Reardon . . ."

Students Participate In Phonathon

The Alumnae Association once again sponsored the phonathon, but this year it took on a new meaning. Their purpose was more than to just raise as much money as they could. They had to raise \$60,000 to meet a challenge issued by a former Wesleyan. The 1938 graduate offered to donate \$30,000 if the Alumnae Association could raise \$60,000 by December 31, 1981. After months of hard work toward the goal, they were successful.

December At Wesleyan

December was the shortest month on the academic calendar, but it proved to be the busiest. Papers had to be written, projects had to be completed, and finals had to be studied for. Through all the work Christmas was not forgotten. The Glee Club and Wesleyannes gave a concert to sing the joy of the season to the Wesleyan Community and the local friends of Wesleyan.

The Christmas Banquet was altered in '81. Beth French changed the traditional feast to chicken breast and grasshopper pie. The Christmas tree was moved from Burden Parlor to the Dining Hall. A few details were different, but the message of the evening was still the same.

The second week of December was a mad rush to the end of the semester. The sound of typewriters and the chimes mixed over the campus as friends exchanged Christmas gifts, parties were planned, and the semester slipped away.

1. Judith Lane studies for exams. 2. Sally Cash and Laurie Davis celebrate the upcoming vacation. 3. Sue Shows and Beth Dilworth say goodbye before leaving for the holidays. 4. Camille Bivins, Thelma Wilson, and Sally Cash toast to their health at the Christmas Banquet. 5. Carol Durham adds her ornament to the tree in the dining hall. 6. The Christmas season began as students returned from Thanksgiving vacation. Christmas trees were put up in every dorm and around campus. The giant tree beside the Alumni Building was too giant and was replaced by a tree on the loggia. The tree that in the past has been placed in the Burden Parlor was moved to the Dining Hall so that it could be enjoyed by more people.

The Christmas Banquet was changed a little by new Food Service Director Beth French. However, the traditions of the Glee Club concert, Wesleyannes singing, and the telling of the Christmas story by the SGA President held fast.

1. Jenny Houser reads **The Littlest Angel** after the banquet in the Burden Parlour. 2. The Wesleyannes entertain the students and guests. 3. Thelma Wilson and Mary Landrum rejoice in the festive spirit. 4. The GK Splinters welcome Christmas at the banquet. 5. At 3:00 p.m. the first flakes fell. Within fifteen minutes the ground was covered and Wesleyan was frozen for the rest of the week. Left over from the Woodstock era, Mylon Le Fevre now only performs for christian rock listeners and only works for christian producers.

"When I was working my way to the top of the music world, I often thought that if I had someone like Mick Jagger's 'phone number I would just call him up and talk. Now I think all I have to do is pray and God listens. It's quite a change from wanting to talk to a rock star."

Ronnie Cox Stars In Theatre Dept. Production

The Theatre Dept.'s spring production had an extra attraction in 1982. On hand for the lead role was well-known actor Ronnie Cox's credits include the movies **Deliverance** and **TAPS**. Mr. Cox was on campus for two weeks before the play, during which he spent time with the students in many activities from dinner to the CSA spring fashion show.

The play dealt with the Highland family, which had split up because of James Highland's relaxed attitude toward life. The Title, **The Rope Dancers**, came from the daughter's expertise at making rhymes for rope jumping and the lifestyle of the family.

1. Page Garrett comforts the distressed Ellen Fiebel. 2. Ellen Fiebel and Robert Petersen discuss the daughter's truancy. 3. Ronnie Cox coaxes Julie Dunbar to do her rope dance. 4. Dr. Steve McCullagh and Ronnie Cox prepare the kitchen for surgery. 5. Carswell Hannon greets Julie Dunbar with a sweet.

End Of Semester; Beginning Of Trouble

The end of April meant the time had come to leave for the summer. That also meant a time for final exams. The Freshmen had already experienced one end of the semester, so the fear was not so great. The sophomores were faced with the decision of declaring a major. To the juniors, it was just another hassle. But to the seniors, it was the last finals, or as one senior put it, the final final.

1. Patricia Sterling types yet another paper. 2. Andrea Day listens to her notes one last time. 3. Senior Susan Holloway joyfully spends finals time writing letters.

The Junior year meant for the Golden Heart that there would be little sisters to care for. Having said goodbye to the old Tri-L's the spring before, the class was anxious to meet the new Tri-K's. The impossible task of pairing her classmates to the new Wesleyannes fell to class president Beth Proudfoot. "When I first started I didn't know where to start. They gave me a list of names and addresses for the Tri-K's. I could picture my class and what they liked. It was really hard. But when we got to campus and actually met them it was great. The year was great and we are all looking forward to our second year with them."

The Green Knights Came back to Wesleyan ready for their sophomore year and Rat. They started work as soon as they returned. They were determined to give the Tri-K's as good of a Rat as the Golden Hearts gave them. "Rat was special to our class. By the end of our Freshmen year we had all drifted really apart. The work we put into it paid off. We got out of it what we put in."

"Sisterhood, a very special term on this campus, has been achieved by our class to each other. I thank our big sister class for showing us the true meaning of Wesleyan. We can only hope and pray that we exhibit the kind of love and sisterhood they have shared with us to our new Purple Knight sisters."

— Becky Nelson

In late August, a new class of Tri-K's came to Wesleyan. As imagined they were excited about being away at college for the first time. They had to adjust to being on their own and to the academics. The three week orientation period was a cold turkey period for them. When it was over they were a closer class and set to the task of electing their SGA representatives. They chose Karen Toner as their president.

"Our Freshmen year will always be special to us. We came here in the fall frightened and anxious — and a little unsure of ourselves. We really grew up during this year. We were forced to find our own feet. We found them."

"I found that there were some classes that just needed more work. There were that all you had to do was show up and half-way listen — then there were those that no matter what you did it never seemed to be enough."

— Leigh Hussey

Leigh Hussey and Alisia Crockett study for finals in zoology.

"When I was looking for a school one of the things that I wanted was a place I could feel at home at. But I also wanted a place that I could really be proud of. When I walked onto this campus I knew that this was it. I had come home."

Honours

Dedication

Dr. Marcile Taylor

Wesleyan Woman Of The Year

The highest honour that a Wesleyanne can receive is the Wesleyan Woman of the Year Award. This award is given to the senior who is determined by the student body to represent the ideal Wesleyan Woman. The 1982 Wesleyan Woman of the Year Award was presented to Jennifer Lynn Houser. Jenny spent her senior year as Hightower RA, SGA president, and active volleyball team player. Her list of activities and honours could fill a volume of their own, so it must be justly said that she was very deserving of the greatest honour Wesleyan has to give.

Senior Honor Award

The Senior Honour Award is given to the senior who the faculty believes to be the best of the graduating class. The 1982 Senior Honour Award was presented to Jennifer Rose Willis. Jennifer's interests ranged from Nalads to CSA. Her conscientiousness with every thing she did and her high academic standing made the selection of the Senior Honour Award obvious.

The making of the 1982 Veterrapt was a long and lonely project. There are many people that I owe my deepest gratitude. To Dene Shepherd, my roommate, for putting up with everything — and me. To Becky, for her cooperation. To Dale Bennett, for understanding the problems and bringing humility to someone who had never known it. To the ladies in the post office, for their help. To my family, for being there and ignoring the mess.

There is one person that anyone reading this book should thank-my "staff" — Bobbi Davis. Without her, it would never have gotten finished. I give her my thanks and my love.
